

AMERICAN ESKIMO DOG CLUB OF AMERICA, INC.

CHAMPION CUBED (Champion³) POLICY

PURPOSE: To recognize outstanding American Eskimo Dogs with Three (3) Championship Titles – AEDs who have attained an AKC Champion title in Conformation and two of the Champion titles listed below. The AKC defines Champion titles as those earned through AKC events, or those recognized by AKC, that adds a prefix title to the dog's AKC registered name.

CT – Champion Tracker
MACH – Master Agility Champion
NAC – National Agility Champion
NOC – National Obedience Champion
OTCH – Obedience Trial Champion
PACH – Preferred Agility Champion

PNAC – Preferred National Agility Champion
POC – Preferred Obedience Champion
RACH – AKC Rally® Champion
RNC – AKC Rally® National Champion
RATCh – Barn Hunt Champion
FDCh – Flyball Dog Champion

Note: Triple champion titles in the same venue will NOT qualify for the **Champion³** title. (for example, MACH3, RACH3, etc. will NOT qualify as Champion Cubed.)

Eligibility: Owners must be active AEDCA members, with dues paid and no outstanding debts. For dogs with multiple owners, only one owner must be an AEDCA member. That member must submit the application and will receive the award plaque. Additional plaques may be available for purchase at the current cost.

Champion³ Requirements (completed in any order):

- 1.) American Eskimo Dog must be an AKC Champion of Record
- 2.) American Eskimo Dog earns any additional Champion title (listed above)
- 3.) American Eskimo Dog earns a third Champion title (listed above)

In March of each year (once the December new title report is received from AKC), the Awards Committee will review the titles received by American Eskimo Dogs for the previous calendar year. Those American Eskimo Dogs who have met the qualifications for the **Champion³** title will be recognized at the next annual AEDCA Awards Banquet. A letter inviting the member/owner to attend the National and Awards Banquet will be sent out for each eligible dog.
